Your Excellency:

The enclosed copy of a recent letter to my representative in the House of Representatives, Mrs. Jane Prentice (Liberal – Ryan, Queensland) compiles facts from eight years investigating climate and even I was stunned with what it revealed about your parliament's behavior.

I hope that the letter's irrefutable logic and facts will stimulate you to take an active interest in the matters raised and to then encourage Members of Parliament to recognise the existing and future dangers to governance and sovereignty, and to then restore integrity to parliament, and to restore Australian sovereignty. It is most disappointing that the lives and honour of soldiers who fought and died in two world wars to protect our nationhood are being dishonoured at the altar of political expediency.

I am available to meet with you to discuss this and to be questioned on my documented data and facts.

Yours sincerely,
