Dear Senator Lindgren:

The enclosed copy of a recent letter to my representative in the House of Representatives, Mrs. Jane Prentice (Liberal – Ryan, Queensland) compiles facts from eight years investigating climate and even I was stunned with what it revealed about the Coalition's behavior. As discussed in the letter I am one of your constituents and now please request your assistance in helping Mrs. Prentice fulfill her responsibilities to all constituents.

I hope that the letter's irrefutable logic and facts will stimulate you to encourage fellow Members of Parliament to recognise the dangers to governance and sovereignty in the current Liberal policy and in the way it is being implemented, and to then restore integrity to parliament and to restore Australian sovereignty.

Secondly, I am disappointed that the issues raised in my previous correspondence with you last year have not been specifically addressed by your reply and further disappointed that my phone conversations with your office's Mr. Steve Smith and my subsequent email as he requested have not resulted in a meeting with you.

As one of your constituents I again request to please meet with you to discuss the issues previously raised, to discuss my letter to Mrs. Prentice and to offer you the opportunity to question my documented data and facts.

Yours sincerely,

Originally personally signed

Malcolm Roberts
