Senator Nick Xenophon
The Senate
Parliament House
Canberra ACT 2600

Dear Senator Xenophon:

The enclosed copy of a recent letter to my representative in the House of Representatives, Mrs. Jane Prentice (Liberal – Ryan, Queensland) compiles facts from eight years investigating climate and even I was stunned with what it revealed about the government's behavior. As discussed in the letter I please request your assistance in helping Mrs. Prentice fulfill her responsibilities to all constituents.

I hope that the letter's irrefutable logic and facts will stimulate you to encourage fellow Members of Parliament to recognise the dangers to governance and sovereignty in the current Lib-Lab-Greens policy, and to then restore integrity to parliament and to restore Australian sovereignty.

I am available to meet with you to discuss this and to be questioned on my evidence.

Yours sincerely,

Originally personally signed

Malcolm Roberts
