The Hon. Philip Ruddock, MP  
PO Box 743  
Pennant Hills NSW 1715

Dear Mr. Ruddock:

Thank you for your letter dated February 21st, 2013. I'm delighted that you are dedicated to repealing the ALP-Greens Carbon Tax legislation.

My report entitled *CSIROh!* and appendices it encompasses detail documented corruption of climate science that is the basis of ALP-Greens policy and Liberal Direct Action policy.

I accept your point that Julia Gillard breached trust with Australia and Australians. Are you not aware that Greg Hunt's Direct Action policy is a breach of integrity by the Coalition? The Leader of the Opposition knows that the so-called climate science is, to use his word, "*crap*". His conclusion is well founded and accurate. Greg Hunt has repeatedly failed to provide any empirical scientific evidence for Direct Action. Further, he has supported UN Agenda 21 that incorporates the UN's dishonest and fraudulent climate change claim. Yet Greg Hunt denies detailed knowledge of UN Agenda 21. Why? Please refer to correspondence with him here: <http://www.conscious.com.au/letters.html>

I'm feeling disappointed that your letter supports continued action based on corruption. As an MP isn't one of your primary roles to stop corruption and protect taxpayer funds?

The attached copy of my recent exchange of correspondence with Greg Combet will be of interest to you in fulfilling your responsibility to protect taxpayer funds. Greg Combet's department grossly misrepresents climate and science. That's documented.

I'd be pleased to meet with you to discuss Greg Combet's letter. I can reveal the government's vulnerability and ways to restore the opposition's integrity.

Yours sincerely,
