Empathy for MPs buffaloes by media

To all Federal MPs

Your dealings with some journalists have our empathy.

Here are three recordings exposing journalists' ignorant and/or deliberate misrepresentation of climate:

1. Recording of Graham Readfearn, The Guardian and blogger:

http://www.galileomovement.com.au/media/GrahamReadfearn-1_06_11-3_51PM.mp3

Summary and conclusions here:

<http://www.galileomovement.com.au/docs/GrahamReadfearnPhoneCallNotesShort.pdf>

Admits he doesn't read UN climate reports. Yet his work relies on the reports and spreads their claims.

2. Recording of Ben Cubby, Fairfax:

http://www.galileomovement.com.au/media/cubby_redacted.mp3

Redacted personal phone number and address. Transcript here:

<http://www.galileomovement.com.au/docs/ROBERTS,Malcolm-InterviewWithBenCubby-30.July2012WorkingCopy2.pdf>

Details and observations of Ben's behaviour are on pages 30 to 40 here:

http://www.conscious.com.au/docs/new/13_appendix.pdf

Admits knowing little about formation and background of UN climate body. Yet his work spreads its claims.

3. Recording of Wendy Carlisle, ABC:

http://www.galileomovement.com.au/media/WendyCarlisleABC_BackgroundBriefingResearch_23_06_11%204_22PM.mp3

Observations of Wendy's behaviour and propaganda is on pages 21 & 22 here:

http://www.conscious.com.au/docs/new/13_appendix.pdf

Detailed analysis here:

http://www.conscious.com.au/docs/new/13a_AppendixABCBackgroundBriefingWorkingTranscript.pdf

and here:

http://www.conscious.com.au/docs/new/13b_AppendixABCBackgroundBriefingNotes.pdf

(Both are part of this report: <http://www.conscious.com.au/CSIROh!.html>)

4. Mike Carlton, Fairfax, pages 30 to 40, here:

http://www.conscious.com.au/docs/new/13_appendix.pdf

Video of holocaust survivor rebutting Mike Carlton's anti-Semitic smear is here:

https://www.youtube.com/watch?v=_2gVALhIORM&feature=c4-overview&list=UU2UkS2qtnu7L3krRTF6bQIw

Mike Carlton earlier failed to provide empirical scientific evidence for his climate belief. Instead, he introduced religion, race and his "*conspiracy theories*" into Australian climate discussions. Such tactics are increasingly seen as diversions hiding lack of evidence.

Contrary to facts, the vicious and false implied anti-Semitic smear was spread by Graham Readfearn and Ben Cubby.

5. Detailed analysis of five prominent ABC programs and the 'work' of some ABC journalists is here:
http://www.conscious.com.au/docs/new/13_appendix.pdf

6. David Marr in analysis by Andrew Bolt: <http://www.dailytelegraph.com.au/news/opinion/tim-flannery-has-been-sacked-8212-and-so-too-should-journalists-who-are-climate-change-scaremongers/story-fnj45fva-1226724721844?from=trendinglinks>

7. Strong journalists such as Andrew Bolt can be damagingly pressured and misled by journalists' hurtful false smears. See pages 30 to 40 here:
http://www.conscious.com.au/docs/new/13_appendix.pdf

Overview here: http://www.galileomovement.com.au/restoring_morality_justice.php#H

Despite ample documented evidence some journos fail to discuss UN and Australian corruption of climate science.

See appendices 2, 6, 6a, 7, 8, 9 and others here: <http://www.conscious.com.au/CSIROh!.html>

All journos and program producers who push climate alarm based on human carbon dioxide contradict empirical scientific evidence. They're deliberately or inadvertently supporting corruption of climate science.

Are they dishonest? Or are they group thinkers? Or dependent? Or lacking strength to question what they initially perceived as the popular tide? Or naively aligned with vested interests stealing money by fabricating, pushing and/or milking unfounded climate alarm?

Given the facts and empirical scientific evidence, is their behaviour in misrepresenting modest cyclic global warming that ended in 1998 irresponsibly or negligently incompetent or is it deliberately dishonest?

Given that too many federal MPs are afraid of the media's power, it's easy to see many were herded into falsely accepting fabricated and unfounded climate alarm. We empathise.

Should all Australians pay the price for abusive journalism? None should. Please Axe the Tax, Drop Direct Action and hold journalists accountable.
