The Hon John Howard
GPO Box 36
Sydney NSW 2001

Dear Mr. Howard:

You may recall my letter of appreciation dated Monday, November 26th, 2007 noting your contribution in leading initiatives for 32 years to improve Australia's economy. A copy is enclosed. Your letter acknowledging receipt was received.

Subsequently I've been dismayed to observe the damage you caused by agreeing to implement a carbon dioxide cap-and-ration '*trading*' scheme. I'm further dismayed by the role you reportedly played in stealing farmers' property rights. Please see Appendix 12, here: <http://www.conscious.com.au/CSIROh!.html> Your endorsement of Kevin Rudd's core climate claims tarnishes your legacy and causes me to retract my comments on your integrity and strength of character.

Please refer to the accompanying copy of my letter to Greg Hunt dated Wednesday, March 19th, 2014 and particularly to page 5 therein.

With his latest letter to me Greg Hunt has put himself in an untenable position. This is explained in the enclosed copy of my reply. **Please particularly note page 2.**

This letter is merely a courtesy. Perhaps though you may consider publicly shedding more light on the circumstances of that difficult year. It seems almost everyone including then '*Australian of the Year*' Tim Flannery to Kevin Rudd applied relentless and often dishonest political pressure to you on climate. By the way, Tim's behaviour is discussed in Appendix 9 at the link above. You were conned.

Perhaps you could take this opportunity to publicly restore your legacy.

Yours sincerely,

Original personally signed

Malcolm-Ieuan: Roberts.
