Dr. Martin Callinan  
Science Policy Manager  
Australian Academy of Science  
GPO Box 783  
Canberra ACT 2601

Dear Dr. Callinan:

**LAWFUL NOTICE BY REGISTERED POST WITH DELIVERY CONFIRMATION  
WITHOUT PREJUDICE AND IN GOOD FAITH**

Enclosed is a copy of my investigation into climate science and claims made by academics and agencies funded by government. It confirms that you have failed in our past communication to provide empirical scientific evidence and logical scientific reasoning that human carbon dioxide (CO<sub>2</sub>) caused/causes/will cause global warming (aka climate change).

My report discusses your claims and statements. It is true and correct to the best of my knowledge. I offer you this opportunity though to identify, specify and justify significant material errors you may perceive in my report. If you consider such errors exist please identify them specifically and provide empirical scientific evidence and/or facts. Please simultaneously declare your personal financial interests in advocating the claim that human CO<sub>2</sub> should be cut.

If I have not received a specific and scientifically or factually justifiable list together with your declaration by Friday, March 1<sup>st</sup>, 2013 I will assume you do not disagree with my report.

Unless you have empirical scientific evidence and reasoning of damaging warming caused by human CO<sub>2</sub>, please cease making direct or implied public claims that human CO<sub>2</sub> needs to be cut. Please withdraw your past claims and reports. If you continue making such claims and fail to retract past claims you will be knowingly misleading the public and parliament. Please cease taking taxpayer funds for any positions or grants you hold related to climate science and/or fomenting alarm. Please stop advocating policies harming humanity and/or the environment.

In the interests of accountability and transparency this letter and your response(s), if any, will be posted on the Internet.

Yours sincerely,

Malcolm-Ieuan: Roberts.
