SUBJECT: **ARE YOU COMMITTING FRAUD AGAINST
MINISTERS OF THE CROWN?**

Senator Wong:

Please be advised that based on letters from four (4) ALP senators it appears you have not communicated to them that the basis for the government's Emissions Trading Scheme (ETS), advice from the UN IPCC, has been proven unsound and apparently false. Two of the senators seem to have deferred responsibility for their stance on an ETS to you.

Yet you have in your possession two (2) copies of each of four reports by John McLean. Those reports cannot be sensibly refuted because they present UN IPCC data provided by the IPCC itself on IPCC processes. That data reveal the UN IPCC has fabricated claims that human activity warmed our planet and reveal the UN IPCC has no solid data proving human production of CO2 warmed our Earth.

Given that you have two (2) copies of each of McLean's articles presenting IPCC data, I feel deeply troubled that you have apparently not advised your fellow ministers that you lack proof that human activity was responsible for the modest warming that ended around 1998. Your discussions with Senator Fielding have failed to convince him you have any proof that human CO2 warmed our Earth. That your ministers appear to continue to support your Emissions Trading Scheme (ETS) appears to me to be, on your part, fraudulent or grossly incompetent or negligent.

By continuing to promote any ETS, it seems you are committing fraud, being defined as, Fraud [frawd] *-noun*

1. deceit, trickery, sharp practice, or breach of confidence, perpetrated for profit or to gain some unfair or dishonest advantage.
2. a particular instance of such deceit or trickery: *mail fraud; election frauds.*
3. any deception, trickery, or humbug: *That diet book is a fraud and a waste of time.*
4. a person who makes deceitful pretences; sham; poseur.

My needs for integrity from a minister of the crown have not been met.

I remain available to answer your questions and please request justification for you continuing to promote an ETS.
