Dear Senator Wong:

**Re: Your complicity in UN IPCC fraud raises many serious questions**

Your unfounded acceptance, support, encouragement, defence and promotion of the UN IPCC makes you complicit in its fraud. This is clear from the attached facts, questions and conclusions being copied to all members of parliament. From what I've seen, your behaviour is irresponsibly negligent or wilfully fraudulent. It triggers feelings of incredulity, annoyance, horror and deep concern as it does not meet needs for integrity.

Understanding the enormity of your misrepresentations of climate and without knowing your personal needs driving your misrepresentations, I am developing compassion for the situation you have created yourself and for your use of unfounded fear and guilt to drive climate panic.

Nonetheless, to protect my children and family and to protect our nation and its people, I request that you either do your due diligence to return to integrity and (1) come clean on the UN IPCC and on unfounded climate alarm, (2) cease your support of the UN IPCC, (3) drop all campaigns for your fraudulently named CPRS (ETS) or carbon taxes and, (4) initiate an immediate, independent inquiry into the UN IPCC. Or, failing that, immediately resign. As the UN IPCC disintegrates, what will be your legacy?

Yours sincerely,
