The Hon Greg Combet, MHR  
Minister for Climate Change  
PO Box 6022  
House of Representatives  
Parliament House  
Canberra ACT 2600

Dear Mr Combet:

**RE: Legal notice hereby given by Registered Mail with Delivery Confirmation Receipt**

Enclosed is a summary of findings from four (4) years' research into global warming. It reveals that your claim that carbon dioxide drives climate is unfounded and false. Your claim contradicts science and Nature. The government's climate policy is based on UN IPCC reports. Thus your policy is based on fraud.

Your article in The Weekend Australian newspaper of Sa.26.02.11 contains many unfounded statements and false statements that contradict science

If you continue advocating action against carbon dioxide from human activity you will be abetting fraud and lying. My understanding is that you will be in contempt of parliament. Will lying to the people and industry make you personally legally liable for losses incurred due to your falsities?

I will be pleased to discuss my summary with you. I welcome an invitation to do so.

Yours sincerely,
