Dear Prime Minister:

Re: Cutting billions in waste and quickly repealing the CO2 tax

Congratulations on your re-election and on your appointment as Prime Minister.

You're transitioning to governing with the daunting task of restoring integrity, governance and sovereignty while saving billions of dollars in waste.

The accompanying copy of my letter to Greg Hunt verifies his unscientific and unjustifiable position. **I confidently and truthfully know that by claiming that human carbon dioxide causes global warming and must be cut he contradicts empirical scientific evidence.** CSIRO must be investigated.

It seems that the current cabinet contains no Minister for Science. Yet the Labor-Greens alliance needs to be held publicly accountable for corruption by Rudd-Gillard-Milne actions. That will assist to quickly repeal the CO2 tax well before July 1, 2014.

Cutting Direct Action and energy subsidies will save taxpayers billions of dollars. Transparent, independent investigation of CSIRO and BOM for misrepresenting climate science will lead to saving millions of dollars in CSIRO funding. CSIRO has done little other than parrot UN climate propaganda.

Empirical scientific evidence and restoring integrity are fundamental to honest government and for developing effective policies in the best interest of our country.

Yours sincerely,

Malcolm Roberts
